Steve,

Thanks for your comments on DEP's letter. I included some of them in our review of the letter which I'll forward to you. It would have been nice to include our comments verbatim but we just want DEP to issue the letter ASAP and think they captured most of the issues.

Elaine

Hi Elaine, I took a quick pass through the letter - it looks pretty comprehensive (but I wish they could just attach our original set of comments). I did add a couple of notes/edits for you to consider. Have a good weekend, Steve

Hi Steve,

Here is DEP's revised draft letter to AVX regarding comments on the Aerovox Phase III. It'd be great if you could go through the letter and provide your thoughts on anything that could be better stated and anything that appears to be missing based on our earlier comments. We want to get back to DEP with our comments by Monday afternoon. Please let me know if this is doable for you. Thanks Steve and call me if you have any questions.

Elaine

Subject: AVX Phase III Letter

Hi Ginny,

I am attaching the draft of the Phase III letter. We recognize that there are some stylistic issues, typos, format issues, and other technical questions we need to iron out, but for the sake of time, we wanted to make sure EPA has a chance to review. We don't expect that additional future changes to this letter will result in drastic changes to the version you are receiving.

I am attaching the Word version of the document, so please feel free to use the Review tool. It will make it easier for us to review EPA's comments.

Thanks,

Angela Gallagher
